NOTES TO THE FINANCIAL STATEMENTS FOR 30 SEPTEMBER 2021

BASIS OF PREPARATION

The unaudited condensed interim financial statements of the Bank have been prepared in accordance with the requirements of Malaysian Financial Reporting Standard ("MFRS") 134 "Interim Financial Reporting" issued by the Malaysian Accounting Standards Board ("MASB").

The unaudited condensed interim financial statements should be read in conjunction with the Bank's audited financial statements for the financial year ended 31 December 2020. The explanatory notes attached to the unaudited condensed interim financial statements provide an explanation of events and transactions that are significant for an understanding of the changes in the financial position and performance of the Bank since the financial year ended 31 December 2020.

The unaudited condensed interim financial statements have been prepared under the historical cost convention. The accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted in the most recent audited financial statements for the year ended 31 December 2020, except as follows:

NEW AND AMENDED STANDARDS ADOPTED BY THE BANK

Amendments to MFRS 16 'COVID-19-Related Rent Concessions' (effective 1 January 2021)

This amendment grant an optional exemption for lessees to account for a rent concession related to COVID-19 in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concession as a variable lease payment in the period(s) in which the event or condition that triggers the reduced payment occurs. The amendment, however, do not make any changes to lessor accounting.

The exemption only applies to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the following conditions are met:

- (a) The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) Any reduction in lease payments affects only payments due on or before 30 June 2021; and
- (c) There is no substantive change to other terms and conditions of the lease.

The amendments shall be applied retrospectively.

The adoption of this standard is not expected to have any significant impact to the Bank.

STANDARDS AND AMENDMENTS TO EXISTING STANDARDS BUT NOT YET EFFECTIVE

Annual Improvements to MFRS 9 'Fees in the 10% test for derecognition of financial liabilities' (effective 1 January 2022)

This standard clarifies that only fees paid or received between the borrower and the lender, including the fees paid or received on each other's behalf, are included in the cash flow of the new loan when performing the 10% test.

An entity shall apply the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The adoption of this standard is not expected to have any significant impact to the Bank.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 SEPTEMBER 2021

Amendments to MFRS 3 'Reference to Conceptual Framework' (effective 1 January 2022)

This standard replaces the reference to Framework for Preparation and Presentation of Financial Statements with 2018 Conceptual Framework. The amendments did not change the current accounting for business combinations on acquisition date.

The amendments provide an exception for the recognition of liabilities and contingent liabilities should be in accordance with the principles of MFRS 137 'Provisions, contingent liabilities and contingent assets' and IC Interpretation 21 'Levies' when falls within their scope. It also clarifies that contingent assets should not be recognised at the acquisition date.

The amendments shall be applied prospectively.

The adoption of this standard is not expected to have any significant impact to the Bank.

Amendments to MFRS 116 'Proceeds before intended use' (effective 1 January 2022)

This standard prohibit an entity from deducting from the cost of a property, plant and equipment the proceeds received from selling items produced by the property, plant and equipment before it is ready for its intended use. The sales proceeds should instead be recognised in profit or loss.

The amendments also clarify that testing whether an asset is functioning properly refers to assessing the technical and physical performance of the property, plant and equipment.

The amendments shall be applied retrospectively.

The adoption of this standard is not expected to have any significant impact to the Bank.

Amendments to MFRS 137 'onerous contracts—cost of fulfilling a contract' (effective 1 January 2022)

This standard clarify that direct costs of fulfilling a contract include both the incremental cost of fulfilling the contract as well as an allocation of other costs directly related to fulfilling contracts. The amendments also clarify that before recognising a separate provision for an onerous contract, impairment loss that has occurred on assets used in fulfilling the contract should be recognised.

The amendments shall be applied retrospectively.

The adoption of this standard is not expected to have any significant impact to the Bank.

Amendments to MFRS 101 'Classification of liabilities as current or noncurrent' (effective 1 January 2023)

This standard clarify that a liability is classified as noncurrent if an entity has a substantive right at the end of the reporting period to defer settlement for at least 12 months after the reporting period. A liability is classified as current if a condition is breached at or before the reporting date and a waiver is obtained after the reporting date. A loan is classified as non-current if a covenant is breached after the reporting date.

In addition, the amendments clarify that when a liability could be settled by the transfer of an entity's own equity instruments (e.g. a conversion option in a convertible bond), conversion option that is not an equity instrument as defined in MFRS 132 ('Financial Instruments'): Presentation' is considered in the current or non-current classification of the convertible instrument.

The amendments shall be applied retrospectively.

The adoption of this standard is not expected to have any significant impact to the Bank.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 SEPTEMBER 2021

Interbank Offered Rate ("IBOR") reform

The Bank established an IBOR transition program led by senior management, which is intended to address the Bank's industry and regulatory engagement, client and financial contract changes, internal and external communications, technology and operations modifications, introduction of new products, migration of existing clients, and program strategy and governance. In addition, the program is designed to monitor a variety of scenarios, including operational risks associated with insufficient preparation by individual market participants or the overall market ecosystem, volatility along the Secured Overnight Financing Rate ("SOFR") curve, development and adoption of credit-sensitive and other rates, regulatory and legal uncertainty with respect to various matters including contract continuity, access by market participants to liquidity in certain products, and IBOR continuity beyond December 2021.

The Bank is executing product and client roadmaps that it believes align with industry recommended and regulatory milestones, and the entity has developed employee training programs as well as other internal and external sources of information on the various challenges and opportunities that the replacement of IBORs presents. As the transition of ARRs evolves, the entity continues to monitor and participate in the development and usage of certain ARRs, including KLIBOR.

The adoption of this standard is not expected to have any significant impact to the Bank. Treasury is using Inter Unit Funding ("IUF") and the rate for IUF has already transition to SOFR.

2 AUDITOR'S REPORT ON PRECEDING ANNUAL FINANCIAL STATEMENTS

The auditor's report on the financial statements for the preceding financial year ended 31 December 2020 was not subject to any qualification.

3 SEASONAL OR CYCLICALITY FACTORS

The business operations of the Bank have not been affected by any material seasonal or cyclical factors.

4 UNUSUAL ITEMS DUE TO THEIR NATURE, SIZE OR INCIDENCE

There were no unusual items affecting the assets, liabilities, equity, net income or cash flows of the Bank during the financial period ended 30 September 2021.

5 CHANGES IN ESTIMATES

There were no significant changes in estimates arising from prior financial period/year that have a material effect on the financial results and position for the financial period ended 30 September 2021.

6 ISSUANCE AND REPAYMENTS OF DEBTS AND EQUITY SECURITIES

There were no cancellations, repurchase, resale or repayments of debt and equity securities during the current financial period under review.

25 SIGNIFICANT EVENTS DURING THE FINANCIAL PERIOD

The Bank continues to take actions to mitigate the impact due to the coronavirus outbreak on the Bank. In arriving at the ECL for the current financial period, the Bank has appropriately considered reasonable and supportable information that was relevant and available without undue cost or effort. Refer to Note 10 and Note 24 for the results of the ECL.

26 SIGNIFICANT EVENTS SUBSEQUENT TO THE BALANCE SHEET DATE

There were no significant events subsequent to the balance sheet date which have not been disclosed in these condensed interim financial statements.

27 CHANGES IN COMPOSITION OF THE BANK

There were no significant changes in the composition of the Bank for the financial period ended 30 September 2021.

28 SEGMENTAL REPORTING ON REVENUE, PROFIT AND ASSETS

Segmental reporting has not been prepared as there are no other segments other than the commercial banking segment.

29 TAXATION

There are no material changes in the profit before taxation for the financial period reported as compared with the preceding financial period, which have not been disclosed in these condensed interim financial statement.

30 DIVIDENDS

There were no dividends paid or declared for the financial period ended 30 September 2021.

| *Excludes Lifetime ECL Credit Impaired (Stage 3) loans/collective assessment allowance | on impaired loan | s restricted from |

^{*}Excludes Lifetime ECL Credit Impaired (Stage 3) loans/collective assessment allowance on impaired loans restricted from Tier-II Capital of BAMB of RM18,426,995 (31 December 2020: RM21,052,093).

| Total risk-weighted assets:- | | |
|------------------------------|-----------|-----------|
| Credit risk | 614,085 | 694,816 |
| Market risk | 1,218,684 | 1,378,006 |
| Operational risk | 310,668 | 317,760 |
| Total RWA | 2,143,437 | 2,390,582 |
| Capital ratios | | |
| CET I capital ratio | 37.943% | 34.043% |
| Tier I capital ratio | 37.943% | 34.043% |
| Total capital ratio | 38.108% | 34.217% |

Total capital and capital adequacy ratios of the Bank are computed in accordance with BNM's Capital Adequacy Framework (Capital Components) guidelines issued on 9 December 2020. The Bank has adopted the Standardised Approach ("SA") for Credit Risk and Market Risk and Basic Indicator Approach ("BIA") for Operational Risk.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 SEPTEMBER 2021

33 FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments comprise financial assets, financial liabilities and off-balance sheet financial instruments. Fair value is the amount at which a financial asset could be exchanged or a financial liability settled, between knowledgeable and willing parties in an arm's length transaction. The information presented herein represents the estimates of fair values as at the balance sheet date.

Where available, quoted and observable market prices are used as the measure of fair values. Where such quoted and observable market prices are not available, fair values are estimated based on a range of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows and other factors. Changes in the uncertainties and assumptions could materially affect these estimates and the resulting fair value estimates.

A range of methodologies and assumptions had been used in deriving the fair values of the Bank's financial instruments at balance sheet date.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, as derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The following table presents the Bank's financial assets and liabilities that are measured at fair value.

34

BANK OF AMERICA MALAYSIA BERHAD (Incorporated in Malaysia)

STATEMENT OF DECLARATION

To the best of our knowledge, the accompanying Statement of Financial Position of Bank of America Malaysia Berhad as at 30 September 2021, and the related Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and explanatory notes for the period ended on that date had been prepared from the Bank's accounting and other records and nothing has come to our attention that causes us to believe that the condensed interim financial statements are not presented fairly in all material aspects in accordance with the Malaysian Accounting Standards Board ("MASB") approved accounting standards in Malaysia for entities other than private entities and Bank Negara Malaysia Guidelines.

For and on behalf of, Bank of America Malaysia Berhad

Chief Financial Officer Wong Poh Leng 28 October 2021
